## LABORS FINISHED VALUES RAISED

The Board of Equalization Will  
Adjourn This Afternoon.

This afternoon sees the labors of the city board of equalization finished, and their report will show an increase in values of about \$250,000.

The values on property generally were raised, besides the city shows a considerable natural increase.

It is claimed the report shows an increase of I. & G. N. property in this city of \$50,000.

The rolling stock of this company, as levied on by Ex-Assessor and Collector Word, and which met with very active opposition by both the city council and the railroad company has not again been assessed, and no attempt will be made to collect this tax.

## FEVER AT LAREDO

Two Cases of Yellow Fever Have  
Developed There.

Laredo, Texas, Sept. 24.—Notwithstanding the strict quarantine which Laredo has enforced against Monterey and Nuevo Laredo because yellow fever is known to exist in both cities, two cases have developed here.

Little news of a reliable nature can be learned from Monterey, where the authorities declare there is no case of fever, and that the action of the Texas State health representative in so reporting is unjustified, the contention being that while many cases of fever exist, they are all "malignant fever," and not Yellow Jack.

Despite this denial by the authorities, the fact that yellow fever exists in both Laredos can be regarded as proof positive that the fever has gained a foothold in Monterey.

The situation in Nuevo Laredo remains unchanged. While many cases of fever exist, there have been no deaths reported within the past few days. Dr. Mariano Trevino, a yellow fever expert from Tampico, is on the ground and is conducting an investigation. Dr. Trevino has already pronounced three of the cases he visited as genuine yellow fever.

Two cases of fever have been diagnosed as yellow fever, one being that of an American machinist named Frank Gilterson and the other a Mexican employed in the machine shops here.

Dr. Guiteras, a United States yellow fever expert, will arrive here tomorrow, and in conjunction with the local physicians will supervise the measures which have been taken to prevent the spread of the disease.

## TWO MEN MANGLED

Horrible Accidents Occur Almost  
at the Same Moment.

Austin, Texas, Sept. 23.—Two accidents, one of which will probably prove fatal, occurred yesterday in the extreme western part of Travis county, about 15 miles from Austin.

They occurred almost at the same time.

John Gregg, one of the most prominent farmers of that section and who is well known here, while operating a cotton gin, got caught in the belt and was horribly mangled. All of the flesh of one arm was torn off and his breast and face were bruised and cut. Reports received here today were that his condition was extremely critical and his death was hourly expected.

John Jones was the victim of a similar accident in another cotton gin not far from where Mr. Gregg was hurt. Several fingers were torn off and one arm broken.

## GEORGE GOULD TOURING TEXAS

Mileage of System Will Be Given  
Close Inspection.

Dallas, Texas, Sept. 24.—President George Gould and party of railroad officials arrived in the city at 1 p. m. today. They were tendered a reception at the Commercial Club.

Mr. Gould will spend some time in Texas and take a look at nearly all of the Texas mileage of his system.

## MR. CLARIDGE HERE

Says Only Boll Weevil Remedy  
Is to Keep It Off the Plant.

R. R. Claridge, immigration and industrial agent of the International and Great Northern railroad, is in the city. Mr. Claridge was superintendent of the industrial exhibit of the Palestine Carnival and says he had a great round-up of the products of East and South Texas, which at the windup proved a bonanza to Colonel Dixon, who got a car of fine stuff, including eight or ten barrels of fine apples.

Mr. Claridge thinks the Carnival will ultimately develop into a big East Texas industrial exposition with money behind and a hall of its own, commensurate in size with the vastness and richness of the section it represented.

Mr. Claridge says the yield of everything but cotton is unusually heavy in East Texas, and that he never knew hard times when food for man and beast was plentiful. He admits that the boll weevil has pretty nearly made a clean-up of the cotton in some sections, but says that all of what there is will be gathered and the price being high, there will be a good deal of cotton money coming in. He believes that it is a question of keeping the weevil off the cotton, and that after they get in it there is nothing to be done but watch the havoc.

## ATTEMPTS SUICIDE

A Prominent Merchant of Jack-  
sonville Tries to Take His Life  
at Eagle Pass.

Telegrams were received here yesterday afternoon at 5 o'clock by the Noble Grand of the I. O. O. F. lodge and the commander of the W. O. W. lodge from Eagle Pass, Texas, saying that A. B. Mandelstamm, a merchant of this city, had made an attempt to suicide at that place during the afternoon, saying that there is little or no hope for his recovery.

The news came as a surprise to his relatives and many friends here, and no cause for the deed is known. He was in the general merchandise business here and has a branch store at Frankston, Texas.

LATER—A telegram was received last night stating that the physicians entertained some hope of his recovery.—Jacksonville Reformer.

## U. S. C. V.

To A. T. Rainey Camp, United Sons  
of Confederate Veterans:

Whereas, your Commander has been appointed Assistant Judge Advocate General of the Texas Division, the office of Commander of this camp will be vacant, hence a meeting to elect a Commander is hereby called to meet at the city hall council chamber Sunday, Sept. 28, at 3 p. m. All members are urgently requested to attend.

YANCY L. JONES, A. G. GREENWOOD,  
Adjutant. Commander.

## Night Classes.

The Y. M. C. A. night classes are to be an especial feature of the association work. They will begin about Oct. 1st. The following subjects will be taught providing there are sufficient applications to justify a large class: Stenography, Bookkeeping, Business Arithmetic, Business English, First Aid to the Injured and Penmanship. Outside of the membership but a small fee will be charged for the instruction. Further information can be had at the association building.

## At Jewish Temple.

Services will be held tonight (Friday) at 8 o'clock. Rabbi L. Weiss will deliver a discourse on the subject, "Does Our Religion Come From Heaven?" All are welcome.

## Association News.

Mr. Brient, general secretary of the R. R. Y. M. C. A., is busy preparing an annual prospectus of the Association, which will be ready in a few days. This announcement will contain full information about all the work for the coming season.

Sunday at 4 p. m. the Association will observe "Bible Study Rally Day." Mr. J. G. Reeves, secretary of the Ft. Worth Association, will deliver the address, and as Mr. Reeves is especially strong on bible study, a good meeting is expected. Mr. Brient will announce at this time bible classes to be conducted and studies to be used.
